

Structure · Leverage · Accelerate · Measure

Together

Let's Deliver the Flight Simulators of Tomorrow

Higher Quality | Faster Delivery | Reduced Cost

Training Device Manufacturer Challenges

- Weak after-sales erodes trust and loyalty.
- Milestones slip; trust erodes and penalties follow.
- Rising costs and long vendor lead times squeeze margins.
- Proposals miss customer Priorities; deals stall.

Why SLAM

Industry Experience

17+ years in flight-simulation leadership.

Proven Expertise

Programs rescued and qualifications secured.

Global Industry Network

Global network of OEMs, suppliers, and specialists.

Our Services

Program Rescue & Delivery Takeover

Regain control of critical schedules and restore customer confidence.

On-Site Qualification Support

Ensure successful approvals with coaching and regulator guidance.

Supplier & BOM Optimization

Reduce cost and accelerate delivery through smarter supply chains.

Customer Support Framework

Build scalable support that protects margins and drives repeat business.

Bid & Negotiation Support

Craft compelling proposals and close high-value deals.

Specialist Engineering Services

Trusted engineering specialists accelerating project delivery.
